

Residential Lock

F9 SERIES

You won't need keys anymore

F9 series eliminates issues commonly associated with mechanical keyed locks. It is easy to leave keys or accidentally lock them inside your home. This isn't a problem with F9 series.

Multiple Locking methods for multiple users

The F9 series supports a variety of secured unlocking methods. Instead of having to make multiple keys for your families and friends; it is easily to program the F9 locks for multiple users. You can easily send, add, and delete or disable user codes, schedule access for certain times/days and also can view lock activity, history and status notifications when lock is used when you connect the lock with your smart phone through the APP.

Also you can remotely view and calibrate the lock clock, read the unlocking records with the gateway management(need to buy separated)

Main Features:

- Operates on 4 AA alkaline batteries installed inside of the back body that will last for approximately 1 year with 10 times operations daily.
- Free turn handle with turning angle 45°.
- Blue tooth standard: 4.1BLE
- Mobile phone OS: Android 4.3/IOS 7.0 above
- Unlocking duration: Approximate 1.5S
- Key pad type: Capacity touch key pad
- Able to check the access logs through APP
- Optional gateway for remote assistance

Mortise Compatibility
